

24 HOUR challenge

May
2021

A 24-hour
active challenge,
raising funds
for 24-hour
hospice care

Join our team!

Help us raise more than a sweat by completing 24-hours of physical activity throughout the month of May. You can run, walk, swim, cycle, or find a creative way to clock up the hours - it's completely up to you. Your participation will help Very Special Kids provide essential care to seriously-ill children and their families.

Contact your team captain to get involved.
